

Community Grant Payments 24-25

Budget £5,000

Requests for grants	
A	Enrych - requesting a grant to support adults with a physical disability. <i>'We are a small charity supporting adults with a physical disability across the whole of Oxfordshire. For 36 years Enrych's core service has been to pair our members (who are all adults with disabilities) with a volunteer partner so that they are able to access leisure and learning activities of their choice. The benefit of involvement in our service is that it connects our members with new social networks, overcoming the isolation that many people experience as a result of their disability'.</i> (Copy email attached) Last grant was in given in June 2021 for £100
